

## Task 1.1P: Grading Agreement & Your Responsibilities

I, Yuvraj Kaushik( s223270811), from the Bachelors of IT degree program, confirm that I have read and understood how this unit works and I am also clear on my responsibilities as a student. Additionally, I also understand the conditions that I need to satisfy to achieve my target grade including:

- `Failing` a task during the trimester means that I will no longer be eligible for the target grade requiring the completion of that task.
- To Pass this unit, I will need to `Complete` all the Pass tasks for this unit AND achieve 50% of the final exam,
- If I wish to achieve HD, I will need to pass the certification required by end of Week 12.

Signed: Yuvraj Kaushik
